

Date: November 16, 2020  
To: Customers of Long Beach Waterworks  
Subject: Notice of Power and Water Outage on Monday, November 16<sup>th</sup>, 2020

## DEAR LONG BEACH CUSTOMER,

As a result of high winds, Clearford is working with Ontario One to restore power and water to Long Beach. We will make every effort to minimize the length of the outage and will provide updates as they come available.

Water discoloration and fluctuations in water pressure are possible once service is restored. Residents who notice discoloured water are asked to run a cold water tap for a minimum of one minute or until the water runs clear for 30 seconds to clear any sediment in household water lines.

We apologize for any inconvenience and thank you for your cooperation.
