

Date: November 10, 2021

To: Customers of Long Beach Water Works
Subject: Notice of Water Supply Interruption on Friday, November 12th, 2021

DEAR CUSTOMER,

Clearford will be completing work at the Long Beach water treatment plant on Friday, November 12th, 2021 between 8:00 AM and 6:00 PM. Water service will be interrupted during this time.

Water discoloration and fluctuations in water pressure are possible once service is restored. Residents who notice discoloured water are asked to run a cold water tap for a minimum of one minute or until the water runs clear for 30 seconds to clear any sediment in household water lines.

Reminder that a Boil Water Advisory remains in effect for all customers of the Long Beach water system until further notice. Updates are available on the website at:

www.clearford.com/longbeach

We apologize for any inconvenience and thank you for your cooperation.

If you have any immediate concerns about your seasonal water service during the shut-down, please contact:

Dave Barnard, Overall Responsible
