Attention: Customers of Long Beach Water Works

RE: Notice of Water Supply Interruption on Tuesday, November 29th, 2022

Dear Customer,

Clearford will be completing work at the Long Beach water treatment plant on Tuesday, November 29th, 2022 between 8:00 AM and 6:00 PM. Water service will be interrupted during this time up to an hour.

Water discoloration and fluctuations in water pressure are possible once service is restored. Residents who notice discoloured water are asked to run a cold water tap for a minimum of one minute or until the water runs clear for 30 seconds to clear any sediment in household water lines.

If you have any immediate concerns about your seasonal water service during the shut-down, please contact Dave Barnard at 905-401-1470 or Clearford Office at 289-965-8440 ext 207.

[BOIL WATER ADVISORY IN EFFECT](#)

A Boil Water Advisory remains in effect for all customers of the Long Beach water system until further notice.

[VISIT THE LONG BEACH WEBSITE](#)

Visit the Long Beach website for the latest updates about the status of service and improvement projects for the Long Beach water system at www.clearford.com/longbeach.

Regards,

Trisha Liwska
