**RE: Notice of Annual Water Rate Increase for Long Beach Residents**

Dear Long Beach Resident,

We hope this message finds you well. We are writing to inform you about an upcoming change regarding your water bill for 2025.

Please be advised that there will be a water rate increase of 1.8 %, effective April 1, 2025. This adjustment is necessary due to inflation pressures and rising operational costs associated with providing water services to Long Beach.

The increase is a result of careful consideration and evaluation of our operational expenses to ensure continued reliable and sustainable water services for our residents.

Your invoice for 2025 will be sent out the week of April 1, 2021. Please check your email's inbox and mailbox for your 2025 Invoice. Our team is dedicated to providing transparent and responsive assistance to address any inquiries that you may have.

Thank you for your attention to this matter, and we appreciate your continued support as we work to maintain the integrity of our water system and meet the needs of our community.

Regards,

Trish Liwska  
Office Manager
